## COMPETITION TEAM

### Are you ready to take your dancing to the next level?

South Fulton Studios Competition Team is a wonderful opportunity to allow dancers a chance to perform on multiple stages, and receive a variety of feedback from adjudicators to enhance their dancing. While South Fulton Studios competitive teams are designed for dancers who are looking to take their talents to the next level in a more serious environment, these teams also offer a unique and valuable bonding experience.

Our dance team is widely known for winning many prestigious awards, as well as consistently placing in the top 10. We have a variety of teams in all ages and styles. To be a part of this award winning team, you need to attend the dance team auditions held every Summer.

### Competition Audition August 27th, 2022 3:00-4:00pm

South Fulton Studios will offer four levels of competition teams in the 2022-2021 dance season: SFS Sapphires, Elite Rubies, Elite Diamonds, Supernova's. There will be auditions to determine each team. Dancers will be placed based on age and ability.

### What are we looking for? Commitment, Attitude & Effort.

SFS Dancers need to show that they are serious about committing themselves to a team and that they will work towards excellence through the *entire* year.

Although we want dancers to be well-rounded and successful in other areas in their lives...a competitive team needs to come as a priority. Please take this into consideration before auditioning and/or committing to a team.

**Our competition philosophy** is to combine a fun approach to learning with disciplined technique in a nurturing atmosphere. All of our dancers compete because they love to dance and perform, and competition allows them an accelerated training program and additional performance opportunities as an outlet for their creative talents. While we do well in competition, our focus is not on the trophies and awards, but on the quality of our dancers and the creativity of our coaches. Therefore as teachers and directors we strive to keep it fun while instilling in our dancers a healthy competitive attitude and a desire to work hard. Being a member of competition enables our dancers to take their studio training to the next level; that is, learning to perform for an audience. This experience develops self-confidence and teaches the importance of teamwork; a commitment to oneself and to one another.
